

Gwenn Colin

Drama project (1a and 2a – 2016- 2017)

I would like to work with 1a and 2a on simple vocabulary but with the use of their body. That means that with the help of usual drama games, they will have to (and become able to) identify words, idioms or simple sentences. They will use pantomime to figure out the meaning of words. We shall discover also verbs of action for example through ESL songs. This will lead to short sentences describing what they are doing.

Obviously, they are too young to learn a text and act in a real play in English. That is why we shall work on very short scenes dealing with emotions, actions, body parts, etc. The instructions in class will be given in English and mimed at the same time so that they can understand without translating.

Learning while having fun, that is the point of that project.
